

ANGIE

ACADEMIC NETWORK FOR A GREEN & INNOVATIVE EUROPE

ACTION PLAN

for the period of project implementation

ACTION PLAN

for the period of project implementation

Preamble

The current Action Plan, which is temporally delimited between the start of the implementation of the E+ ANGIE project and the final moment of the implementation of the ANGIE project, is designed to be implemented in parallel with the implementation of the E+ ANGIE project, with all the objectives, tasks, responsibilities, deadlines and resources specified in the respective design.

The current Action Plan complements the actions and activities defined by the E+ ANGIE project.

All the conditions related to the type of actions carried out and the target groups addressed from the E+ ANGIE project were included in the Action Plan, along with the new additional conditions from the Memorandum of Understanding that establish the foundation and operation of the ANGIE network.

Objectives

The main objectives of the ANGIE network, according to those presented in the Preamble to this Action Plan, are:

1. Functionalization of the ANGIE network by completing and activating specific operational procedures
2. Expansion of the ANGIE network to at least 36 members, organizations, or individuals
3. Proposal of at least two projects for the financing of specific activities related to innovation and sustainability
4. Proposing, analyzing the opportunity and availability, and implementing at least 3 new specific activities related to innovation and sustainability

Main target groups

Unlike the target groups described within the E+ ANGIE project, and to which all the actions carried out within that project directly refer, the current Action Plan defines target groups for the actions it will specifically specify, other than those provided in the E+ ANGIE project.

The target groups that will be defined will be divided into three:

- a target group to which, as a beneficiary, the actions specified by the current Action Plan will be addressed; it will be referred to next as the *Beneficiaries Group*
- a target group of potential partners in implementing the activities proposed by the ANGIE network; it will be referred to next as the *Partners Group*
- a target group of potential new members of the ANGIE network; it will be referred to next as the *Potential Members Group*.

The latter two groups may overlap, with partners in implementation activities subsequently becoming members of the ANGIE network. There is also the acceptable possibility that some of the members of the Beneficiaries Group will become members of the ANGIE network. The ANGIE network is open to all organizations and individuals who have concerns about promoting innovation and sustainability

Table 1 shows the proposed target groups.

Tabel 1 Target groups

Target group		Beneficiaries	Partners	Potential Members
Organizations	Education Providers	3	2	1
	Research Providers	3	2	1
	Public Authorities	1	2	3
	Public Services	1	2	3
	Industrial Organizations	1	2	3
	Agricultural Organizations	1	2	3
	Logistics Organizations	1	2	3
	Others	1	2	3

	Researchers	3	2	1
	Experts in innovation and green technologies	3	2	1
	Stakeholders	1	2	3
	Communicators	3	1	2
	Others	1	2	3

Activities

The activities approached by the Action Plan cover the types of activities presented within *Annex 2: Activities of ANGIE Network* of the *MEMORANDUM OF UNDERSTANDING for the establishment of the Academic Network for a Green and Innovative Europe*.

Period

The period for implementing the actual Action Plan is 01.09.2024-20.02.2026.
